

ROHS Compliance

Pleora Technologies Inc. supports the Restriction of Hazardous Substances Directive (RoHS) 2002/95/EC adopted by the European Union. The directive restricts the use of hazardous materials in electronic and electrical equipment.

The iPORT™ PT1000-VB In-Camera IP Engine will be compliant by May 15, 2006. All other Pleora products will be compliant by July 1, 2006.

To learn more about RoHS, visit <http://www.rohs.gov.uk/>.
